ADMISSION AND DISCHARGE OF PATIENTS, Etc. IN-PATIENTS

Persons meeting with accidents or labouring under diseases requiring immediate medical assistance, shall be received into the Hospital without a letter of recommendation at any hour of the day or night; but such patients cannot be retained without the usual letter of recommendation or payment, if, according to the opinion of the Hon. Medical Officers or House Surgeon, they are able to be removed to their homes.

All other patients shall make application by Letters of Recommendation, signed by a subscriber whose subscription is paid, **accompanied by a note from the Medical Attendant**, and if they appear after examination to be suitable cases, they shall be admitted.

OUT-PATIENTS.

Each subscriber of one guinea shall be entitled to recommend one out-patient, and one letter of recommendation must be presented by a prospective patient before any treatment can be given.

Cases that can be dealt with in the ordinary course by a general medical practitioner will not be treated at the Hospital.

Out-Patients Consultations see page 4.

PRIVATE WARDS.

Private Patients are admitted only on the recommendation of a member of the Honorary Medical and Surgical Staff of the Hospital.

Hospital Charges—

£3/13/6 per week or 10/6 per day with a minimum fee of 15/-

Extra Charges—

Use of Theatre	£1/1/-

Early History.

The Hospital was originally founded in 1250 A.D. in the reign of Henry III as a House of Grey Friars by Robert Bruce VI, the grandfather of Robert Bruce who became King of Scotland in 1306. This same Robert VI built the Town Hall and with others was responsible for the erection of St. Hilda's Church.

The Friary was dissolved about 1546 and granted to John D'Oyley and Scudmore. In 1605 the site and the ruins belonged to Ralph Conyers of Layton and later to the Porrett family, which family were Mayors in 1599, 1600, 1604, 1609, 1611-17 and 1619.

During these periods the ruins or part of them had been converted into a Mansion or Manor House, which later when a decayed building was still known as "The Friary."

Henry Smith Charity Commissioners purchased it and the land and fields adjoining from the Porrett family in 1534, and it was in later years used by the Town as a Poor House and Vagrant Ward.

Part of the present three storied building was opened on the 5th day of January, 1865, by a procession of the Mayor and Corporation, the Managers and Subscribers of the Hospital, and a collation at the "King's Head" Hotel.

Progress.

Originally, the Hospital had only 12 beds, but little by little continual changes and additions were made until there was bed accommodation for 50 patients. It was not until after the Great War, however, that progress was really made, both in building extensions and equipment. The following brief survey shows the main additions :—

- 1923. An Orthopædic Clinic was opened for Radiant Heat and Electrical Treatment, Massage and Baths of various kinds, and a fully equipped Gymnasium for Remedial Exercises.
- 1926. The "Morison Memorial Wing" was opened on the 10th August, 1926, by H.R.H. Princess Mary, and

this increased the capacity of the Hospital by 30 beds, in addition to providing adequate accommodation for the whole of the Nursing Staff.

1927. A New Operating Table was given by an anonymous donor.

A completely equipped Ultra Violet Ray Department, comprising 5 lamps of various types, was also the gift of an anonymous donor.

Also, thanks to a donation from the late Alderman J. R. Butterwick, a complete Diathermy Apparatus was installed.

1930. A new X-Ray Apparatus was purchased at a cost of £635.

1933. During the year additional instruments and equipment were purchased to the value of £600, the money having been provided by the Mayor's Christmas Appeal, the Garden Fete and an anonymous donation of £250.

An Orthopædic Horse was given by the Hartlepool Borough Constabulary, and a Portable X-Ray Apparatus by an anonymous donor.

1934. A New Hot and Cold Water Installation was installed costing approximately £800.

Balconies have also been constructed to accommodate 15 beds, for the treatment of Surgical Tuberculosis, and this now brings the total bed accommodation of the Hospital to 95 beds.

Policy and Administration.

It has been the policy of the Managers to provide a hospital run on modern lines. One equipped with up-to-date plant which can favourably be compared with any other provincial hospital of its size and which affords every possible facility to the Medical Staff in their work, and every opportunity to the patients to regain their health and strength. That the patients do appreciate the services rendered to them is proved by the unbounded goodwill in which the hospital is held.

Finance.

One important problem remains to be solved. The hospital has to be maintained in its present state of efficiency. To give help to all who seek its aid increased subscriptions and donations are essential.

Much has been done for the people of Hartlepool and district and we ask YOU to help us to help YOU. What is to be your response ?

REPORT OF THE HOUSE AND FINANCE COMMITTEES TO THE GOVERNORS.

FOR THE YEAR ENDING 31st DECEMBER, 1935.

Ladies and Gentlemen,

Your House and Finance Committees have pleasure in presenting to you the Seventy-first Annual Report of the Hartlepool Hospital for the year ended 31st December, 1935.

In the Annual Reports for the past three years, reference has been made to the trade depression, and the effect it was having upon the income of the Hospital. Your Committees are however, happy to be able to report that an improvement in local conditions has enabled us to maintain and even increase our income during the year under review.

IN-PATIENT STATISTICS.

Your House Committee has pleasure in reporting that the Hospital has continued to maintain its standard of efficiency and the following is a brief summary of the number of **In-patients who received treatment during the year.**

Patients in Hospital, 31st December, 1934	74	
Patients admitted during the year	1708	
	<hr/>	1782
Patients discharged during the year	1677	
Patients deaths during the year	39	
	<hr/>	1716
		<hr/>
Number remaining in Hospital, 31st December, 1935		<u>66</u>

The patients came from :—

Hartlepool	...	531	
West Hartlepool	...	370	
Collieries	...	807	
		<hr/>	<u>1708</u>

The average number of beds occupied throughout the year was 77·9 compared with 81·3 last year, and the average number of days each patient was resident was 16·6 compared with 16·2 in 1934.

The average cost of an In-patient per week was £2/0/1, as compared with £1/16/6 last year.

OUT-PATIENT STATISTICS.

The following are full figures for Out-Patients receiving advice and treatment for all departments compared with the previous year :—

Total number of new Out-Patients

	1935	1934
Ear, Nose and Throat ...	482	} 2006
Eyes ...	176

In-patients ...	1199	1052
Out-patients ...	545	393

It will thus be seen that there is an increase of 187 Out-patients and 3045 attendances in 1935 compared with the previous year.

FINANCE

Income.

Your Finance Committee have pleasure in reporting that the total receipts for the year amounted to £10,164 18s 3d, as compared with £9,393 2s 11d, thus showing an increase of £771 15s 4d over last year. The following is an analysis of the total income :—

	£	s	d
Annual Subscriptions and Donations	890	15	2
Workmen and Staffs' Contributions	4674	19	1
Shipping Dues ...	170	16	11
Payments by Public Authorities ...	844	17	0
Dividends from Investments ...	679	9	6
Entertainments ...	740	18	4
Hospital Trust Fund ...	825	0	0
Services to Patients ...	911	5	4
Donations from Prudential App. Soc.	122	0	0
Congregational Collections ...	113	15	4
Sundry Receipts ...	191	1	7
	<hr/>		
Total	£10164	18	3

When compared with the previous year, the following increases are shown :—

Shipping Dues ...	10	9	7
Workmen and Staffs' Contributions	616	15	1
Entertainments ...	262	13	5
Services to Patients ...	188	11	5
	<hr/>		
	1,078	9	6

Decreases are recorded as under :—

Annual Subscriptions and Donations	49	10	8
Payments by Public Authorities ...	148	9	0
Dividends from Investments ...	43	8	9
Donations from Prudential App. Soc.	3	15	0
Congregational Collections ...	14	9	11
Sundry Receipts ...	47	0	10
	<hr/>		
	306	14	2
	<hr/>		
Actual Increase	£771	15	4

The increase in the Workmen and Staffs Contributions is particularly pleasing, as it also indicates that more men are being employed and contributing to the Hospital. Every effort is also

being made to induce the employees of all firms to contribute weekly to the Hospital, and considerable success in this direction has been attained during the year. The Miners' Lodges at East Hetton, Thrislington and Trimdon Grange decided to allocate quarterly contributions to the Hospital during the year, and whilst the teaching staffs in Hartlepool are nearly all subscribers, an effort is being made to get the teaching staffs in the Colliery areas to subscribe also.

It is gratifying to note that the income from Entertainments has increased by £262/13/5, but it must be remembered that in this total the result of the Mayor's 1934 Christmas Appeal viz., £200, is included, whereas the proceeds of the previous year's appeal were allocated to the Special Reserve Fund for the payment of the new Water Installation. There is also an increase of £188/11/5 on account of services rendered to patients. This is mostly attributable to the increased charges for private wards and claims for road accident cases under the Road Traffic Act

The decrease of £148/9/0 shown in the payment by Public Authorities was almost entirely due to the decreased number of patients treated for Surgical Tuberculosis sent to us by the Durham County Council.

Expenditure.

The ordinary expenditure for the year amounted to £9,412, being an increase of £751 as compared with the previous year.

The main sources of expenditure were as follows :—

			£	s	d
Provisions	1750	2	10
Surgery and Dispensary	1177	15	0
Domestic	1858	16	10
Establishment	682	15	6
Salaries and Wages	2855	17	7
Departmental Repairs and Renewals			397	8	4
Miscellaneous	119	18	11
Administration	511	9	7
Rents, Rates and Taxes	58	1	10
			<hr/>		
			£9412	6	5
			<hr/>		

Your Committee propose that the following provisions be made in this year's accounts for expenditure which should have been met during the year :—

	£
Painting and Redecorating of Hospital (Inside and outside)	500
New X-Ray Plant (in part exchange for present plant)	150
New Steriliser	210
	<hr/>
	<u>£860</u>

Excess of Income over Expenditure.

Your Committee is again gratified to report an excess of income over expenditure, amounting this year to £752-11-10.

Chronic deficits are demoralising, and your Committees realise that it is the duty of every Hospital Authority to keep its Institution solvent by introducing a modern system of accountancy, preventing extravagance, keeping a tight hand over departmental expenditure and by securing the co-operation of the Hon. Medical and Resident Staff.

The public to-day prefers to identify itself with successful concerns ; it does not respond so readily as it did years gone by to appeals to wipe out annual deficits real or fictitious. It prefers to support a hospital run on the accepted principles of sound finance rather than one which claims that to be in debt is a virtue instead of a vice.

As was done last year, it is proposed to again allocate this excess income of £752-11-10 to the Special Reserve Fund to provide for unforeseen necessary expenditure, and in view of the proposed extensions to the Hospital buildings.

Reduction of Trustees' Loan.

It is proposed to transfer £1000 from the current account to reduce the Trustees' Loan £2950, which was incurred in the building of the Morison Memorial Wing. The Committee hope that it will be possible to liquidate the balance of this Loan before further expenditure is incurred in connection with the proposed extensions.

Deficit on Revenue Account.

After allowing for the transfer of excess income to the Special Reserve Fund, the net deficit on the Revenue Account remains at £2605-1-0.

PROPOSED NEW EXTENSIONS.

As was foreshadowed in last year's report, very serious consideration would have to be given to the extension of the Hospital, and, in fact, a Special Committee had been appointed to investigate the whole position. This Committee considered various designs put forward by their Architect, and finally provisionally approved a design, which, in their opinion and in the opinion of the Medical Staff, would serve the Hospital's needs. The estimated cost of this design, however, was of such a nature that the Committee felt it was impossible to proceed with it, unless a substantial grant could be obtained from some outside source.

They, therefore, approached the Commissioner for Special Areas to see if he would consider making such a grant, but the Commissioner informed us that he was not in a position to do so. The Committee therefore, asked the Architect to submit alternative designs of a very much modified nature. In October, however, a letter was received from the Commissioner for Special Areas saying that he was now in a position to consider proposals from the Governing Bodies of Voluntary Hospitals situated in the Special Areas for the provision of new, or the extension or alteration to existing Hospitals or Out-patients Departments, with a view to making a capital grant.

The Committee got into immediate touch with the Commissioner, and also with members of the Hartlepool Corporation, and the initial scheme which had been provisionally decided upon was reconsidered. This Scheme was further modified to suit existing conditions and was finally approved by the appropriate Committee, the Medical Staff and the Medical Officer of Health for Hartlepool.

This scheme consists of :—

Ground Floor :—

Out Patients Department for Orthopaedic, Casualty, Consulting Rooms and Administration Department.

First Floor :—

Ear, Nose and Throat Ward (6 beds) ; Female Surgical Ward and Balcony ; Additional Theatre and 5 Private Wards.

Second Floor :—

Complete Maternity Block with a bedded ward, labour, recovery and two observation wards, nursery, bath-room, etc.

In the Existing Building the Kitchens and Dining Room will be reorganised ; Staff Room for Hon. Medical Staff added ; Ultra Violet Ray, X-Ray and Diathermy treatment rooms combined in the present Nurses' Dining Room, and an extension to the present Nurses' Home to accommodate the additional Nursing Staff. The total estimated cost of the extension is £32,224, and provisional application was made to the Commissioner for Special Areas last December, for a grant in respect of these proposed extensions. The Commissioner is still considering our proposals, and we are hoping that a favourable decision will be given.

SILVER JUBILEE.

On the occasion of the Silver Jubilee celebrations, the Hartlepool Corporation very kindly treated all patients in the Hospital as being residents of Hartlepool, and each child received a medal and a box of chocolates, every adult a box of confectionery and the Staff a special jubilee medal and a box of confectionery. The Governors also decided to give a loyalty bonus of 5/- to every member of the Staff, all of which were very much appreciated.

MAYOR'S CHRISTMAS APPEAL.

Your Committees once more desire to express their very deep appreciation to His Worship the Mayor (Major J. B. Graham, J.P.) for again continuing his Christmas Appeal in aid of our funds, which realised the magnificent sum of £200.

LEGACY.

A legacy of £22/10/0 bequeathed by the late Mr. Matthew Pickering was received during the year, for which we are extremely grateful.

GIFT OF SURGICAL DIATHERMY MACHINE.

The Hospital is greatly indebted to Mr Frank Craven for his generosity in providing a Surgical Diathermy Machine which is doing invaluable work in the Diathermy Department.

EGG COLLECTION.

Your Committee have pleasure in reporting that 19,512 eggs were received, and they wish to express their indebtedness and thanks to all those who so generously responded by gifts of eggs. Our thanks are especially due to the Misses Nimmo, Mrs. Farmer and Mrs Murray for their very keen and active interest in this effort.

INSTALLATION OF WIRELESS.

Through the splendid fund organised by the "News Chronicle" to equip hospitals with wireless installation, we were fortunate enough to be included in the first 30 hospitals to be so favoured. The set includes headphones to every bed and loud speakers in the Nurses' dining room, Nurses' Home, and domestic quarters, etc., and has proved to be a veritable boon to both patients and staff alike. An official "handing over" ceremony is shortly to take place.

VISIT OF STAFF TO PANTOMIME.

Through the generosity of the Management Committee, the Nursing and Domestic Staffs were enabled to visit a pantomime in Newcastle during January. This proved a great treat, and was thoroughly appreciated by every member of our staff.

MEDICAL AND SURGICAL STAFF.

Your House Committee again desire to express their appreciation of the always willing services given by the Hon. Medical and Surgical Staff during the year. The demand upon their time still continues to be very heavy, and we thank them one and all for the splendid manner in which they have carried out their duties. Your Committee also desire to express their very sincere pleasure at the splendid recovery Dr. Pearson has made from his severe illness.

They also wished Dr. Hubbersty a speedy recovery from his accident, and hope he will soon be able to take his place once more on the active list at the Hospital.

NURSING STAFF.

The Number of the Nursing Staff is as follows :—

Matron	1
Assistant Matron	1
Ward and Departmental Sisters	9
Staff Nurses	5
Probationers	18
					34

During the year a Special Committee was appointed to investigate the terms and conditions of employment of all members of the Staff and a Comparative Statement of Salaries was obtained from Hospitals of a similar size. As a result of this investigation various increases of salary were granted to bring our Staff up to the standard in other places.

Your Committee wishes particularly to pay a very sincere tribute to the Matron and her Staff for the splendid and efficient manner in which they have carried their duties during a somewhat difficult and arduous year. They have given every satisfaction to our Medical Staff, our Patients, and last, and by no means least, to our Visiting Governors and this Committee, which we consider is no mean achievement.

HON. TREASURER.

Your Committee is also extremely grateful for the valued services rendered by the Hon. Treasurer, Mr. Shepard Dixon. The work he does on behalf of the Hospital, though often unseen, is nevertheless very onerous, and our debt of gratitude to him is a very real one.

OBITUARY.

It is with the deepest regret that we have to record the death of Mr. R. T. Robson, J.P., which occurred on the 30th March, 1935. By the passing of "Dick" Robson the Hospital has lost a wise and able counsellor, and all connected with the Hospital, a personal friend.

ACKNOWLEDGMENTS.

Your Committee must again refer to the admirable services which the members of the Ladies' Linen League continue to render to the Hospital; the Press; the Hartlepool Corporation for granting the use of the Council Chamber, and also to the Organisers of the many social events

There are so many acts of kindness shown in the course of a year that some, who have given generously, may be apt to be overlooked in this report. Should this be the case, we trust that the omission will be pardoned, for it will be readily realised that it is impossible to make reference to all such acts of kindness and self sacrifice individually.

We would therefore ask all who have given assistance, no matter in what form, to accept the cordial thanks of the Committee for their services which we need hardly say are deeply appreciated.

Your Committees again express the thanks of the Board of Management to the Annual Subscribers, Donors, Employers and Employees in the works and business houses, for their loyal, generous and sustained support.

Signed on behalf of the Committees,

ROWLAND BURDON, *President.*

J. H. FARMER, *Chairman of House Committee*

S. E. GARSIDE, *Chairman of Finance Committee.*

R. H. HARRISON, *Secretary.*

Report of the Auditor to the Subscribers of the Hartlepoons Hospital.

I have audited the Balance Sheet of the Hartlepoons Hospital dated the December 1935, as above set forth, and have obtained all the information and explanations that I have required. In my opinion, such Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the affairs of the Hospital, according to the best of my information and the explanations given to me and as shown by the Books.

COVENANTED SUBSCRIPTIONS.

Notice to Subscribers.

If Subscribers are willing to contribute to the funds of the Hospital annually for seven years, and will sign a covenant to that effect, the Hospital will benefit to a greater extent than their annual subscription, at no extra cost to themselves.

This additional benefit arises from the provisions of Section 20 of the Finance Act, 1922. An annual subscription paid under such a Covenant can be treated as a net payment after deduction of Income Tax, and the tax it has borne can be recovered by the Hospital from the Revenue Authorities, thereby increasing the subscription by over 30%

The examples at the foot of the page show how great is the extra help which the hospital can obtain under this scheme, and not only is it a benefit to the Hospital but to the Subscribers themselves, because they can include the gross amount (in column 3 below) as an allowance in their return for surtax.

Any Subscriber who is willing to adopt this scheme is requested to write to the Secretary of the Hospital, who will then prepare and furnish the necessary Deed of Covenant, for completion by the Subscriber. This Deed, when completed, should be returned to the Hospital for safe custody.

The scheme cannot be made retrospective, and can only apply to subscriptions which are paid after the necessary Deed has been signed, and of course, only to those who pay Income Tax.

In case of death of a Subscriber within the seven years, the Agreement becomes void and does not create any charge on his or her estate.

Please Remember the Hospital
in your Will.

Any person desirous of bequeathing a Legacy to the Hospital is respectfully requested to make use of the following :—

FORM OF BEQUEST.

I bequeath to The Hartlepool's Hospital the sum of
Pounds (free of
Legacy Duty) for the general purposes of
the said Institution. And I declare that
the receipt of the Honorary Treasurer
thereof for the time being shall be a sufficient
discharge for the same.

Note.—Either real or Personal Estate may now be given to Charities.

£1,000 WILL ENDOW A BED.

£600 WILL ENDOW A COT.

If you are disposed to make a bequest in favour of the Hospital, you are invited to fill in the appended Codicil, and sign same in the presence of two witnesses. The Codicil should then be placed with your Will, the trouble of altering which, will be thus avoided.

This is a Codicil to the last Will and Testament of me
